

HOW BEST TO USE NATURALMENTE STYLING AIDS

MACASSAR

A re-structuring fluid with a plant and mineral formula which creates shiny, frizz-free hair without residue.

- Excellent for chemically treated and porous hair
- Suitable for all hair types
- Concentrated, use 2-3 drops on dry hair or 1-2 drops on damp hair
- Can be used together with Glaze to make hair softer and more moisturised
- Is absorbed quickly into the hair and will not leave hair looking greasy
- Great for ends when wanting to grow and therefore skip cuts

MIELE

A residue-free re-structuring fluid that increases the strength of the hair without weighing it down.

- Suitable for all hair types
- Gives texture and volume to short dry hair
- Concentrated, use 1-2 drops
- Can be used with other Naturalmente products

SHEA TO SHINE

A modeling wax that hydrates, styles, enhances shine and removes frizz without weighing hair down.

- Concentrated, minimum quantity needed
- Suitable for all hair types
- Non-greasy
- Great as a barrier around the hairline before colouring

BEEES WAX

A matt modeling wax that creates defined short styles without weighing the hair down.

- Concentrated, minimum quantity needed
- Suitable for all hair types
- Non-greasy
- Breakdown between hands, warming up the wax to ease application
- Add other products such as Miele, Glaze, Smoothing solution, Texture solution

JOJOBA SHINE SPRAY

A moisturising spray that removes dullness and enhances natural shine on ends of hair.

- Prevents frizz on curly or chemically treated hair if used regularly
- Silicone-free
- Can be used pre or post blow dry or hot iron
- Concentrated, use 2-3 sprays on ends of hair for a brilliant shine
- Suitable for all hair types

TEXTURE SOLUTION

A residue-free nourishing and moisturising solution enriched with aloe and sandalwood.

- Medium hold for a textured or 'bed hair' look or to bulk out fine hair
- Use a small amount
- Suitable for fine hair types
- Leaves a matt effect
- Can be used with Glaze to add hold
